SUMMARY

I'm a software developer and a passionate learner. I have extensive expertise in high load architecture, creating robust services and implementing complex solutions. I'm fluent in Java server-side development and experienced in building client-side using JS frameworks. I study algorithms and functional programming as a hobby.

WORK EXPERIENCE

Right & Above

Senior Software Engineer

March 2015 — Present

I'm in charge of various complex web projects involving: home device management platform, quote management system, US election analytical portal.

Tech stack: Java SE/EE, Spring, PostgreSQL, MySQL, Oracle, AngularJS, D3.js

Fasten Inc.

Senior Java Developer

November 2014 — February 2015

I worked on back-end functionality for a commercial "Uber"-like US-based ridesharing service.

Tech stack: Java SE, Java EE, Hazelcast, Drools, HornetQ, Wildfly, Apache Cassandra, PostgreSQL

Magnit

Java Dev, Senior Java Dev, Java Team Lead

September 2010 — October 2014

I designed and developed inter-application data exchange in the largest Russian retailer with wide geography. My team has developed highload data flows, which handled millions messages daily, monitoring system, guaranteed delivery mechanisms.

Tech stack: Java SE/EE, Apache Camel, Apache Karaf, ActiveMQ, Spring, Vaadin, Hibernate, Tomcat, Oracle, Informatica

Extracode

Java Developer

October 2008 — August 2010

I built and supported an application that imported invoices from cell providers worldwide into a single accounting system. Some invoices were fetched automatically from corresponding websites.

Tech stack: Java SE, JDBC, Xerces SAX, Apache POI, Oracle

SKILLS

Server-side development:

Java SE 8, Java EE 7, Spring, Web services (SOAP, REST), ORM
Message-oriented middleware (ESBs, integration routers)

Building scalable architecture

Java performance optimizations

Client-side development:

JavaScript, jQuery, AngularJS, HTML, CSS

Database development:

Oracle RDBMS, MySQL, PostgreSQL,
MongoDB, Apache Cassandra

EDUCATION

Kuban State University

MSc in Applied Math, 2005—2010

LANGUAGES

Russian — native

English — proficient in spoken and written English

CERTIFICATIONS

Oracle Certified Professional Java SE 6 Programmer — 2011 — **Oracle**

Oracle Certified SQL Expert — 2013 — **Oracle**

Functional Programming Principles in Scala — 2013 — **Coursera**
